TLL.360 Guide

TLL'S ONLINE LEARNING PLATFORM

THE LEARNING LAB

Contents

You can **click on the page numbers** below to navigate through the guide.

What is TLL.360?

TLL.360 is where all online learning at The Learning Lab takes place. It is an online learning platform provided to your child as part of his or her TLL programme.

Powered by Canvas, TLL.360 is the same platform that Ivy League schools and many other world-leading universities are using for online learning.

What can my child do on TLL.360?

Your child can access all online lessons, learning materials and homework through TLL.360.

Our content and worksheets on TLL.360 are fully developed in-house by our dedicated team of curriculum specialists.

In addition, your child can use TLL.360 as a channel for communicating with his/her teacher through the Inbox function, discussions and homework assignment submissions.

Can my child access and print his/her worksheets from TLL.360?

Yes. Starting from Term 1 – 2021 (Wednesday, 9 December), your child's worksheets will be available on TLL.360 for our core programmes.

Do note that all our content and worksheets on TLL.360 are protected by a Digital Rights Management system.
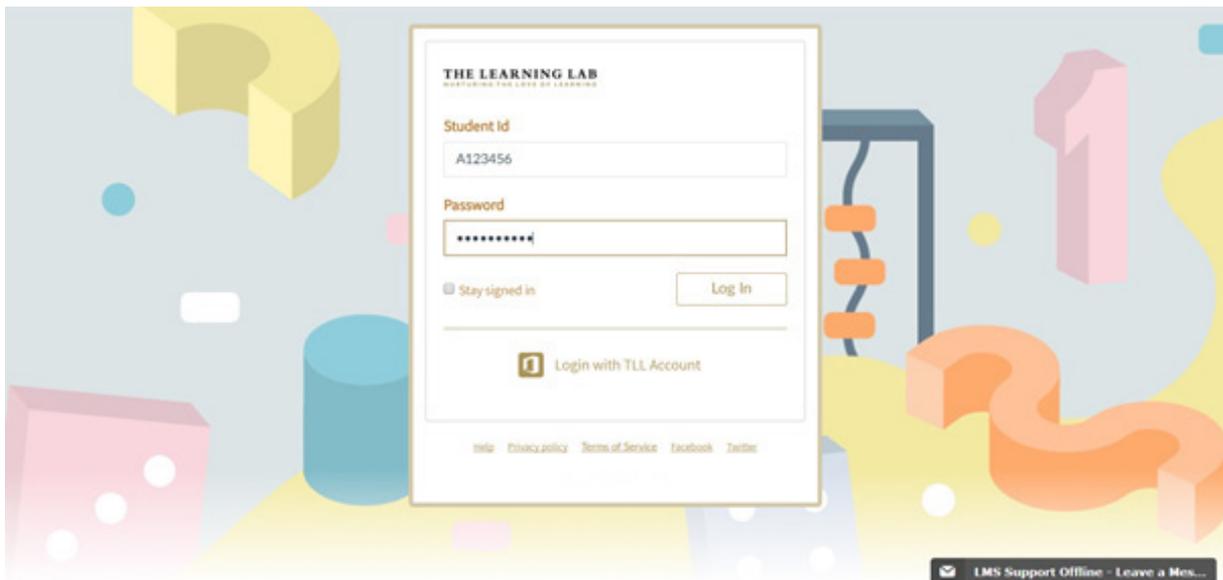

The system employs watermarks and other encryption security measures to prevent unauthorised distribution of our intellectual property.

Where can I access my child's login details?

You will receive your child's TLL.360 login details via email 1 to 2 days after class acceptance. If you have lost the login details, you may drop us an email at **tll360@thelearninglab.com.sg**.

Please note that the new courses will only appear 7 days before the first class.

Logging into TLL.360

1   **2**   **3**

Login via
tll.instructure.com.

Enter your child's
Student ID and password.

If your child is logging in
for the first time, the
default password is
the parent's preferred
contact number.

(E.g. If your preferred
contact number is
9123 4567, the password
would be 91234567)

Click on the
"Log In" button.

different parts of your course.

Accessing Your Child's Zoom Lessons

1

First, click the "Go to your Zoom classroom" button.

2

Click the title which shows your child's class details.

3

There will be a post with instructions on how to join the class and the password needed to enter. Click "Here" when it is time for class!

4

Choose to join either from the web browser or the Zoom app.

Web Browser (limited Zoom features)	Zoom app without Zoom Account	Zoom app with Zoom Account

Key in your child's name and the password provided.

Join

If your child is using the web browser, he or she will not be able to access features such as polls and annotations.

After clicking "Open Zoom Meeting", a prompt from the Zoom client will appear.

Enter your name and the meeting password

Tan Liming, Caleb

Meeting password

Your child's Zoom account should display his or her full name.

To change this, your child can go to **https://zoom.us/profile**.

or

Log out of Zoom in the desktop **before** joining the class to see this prompt.
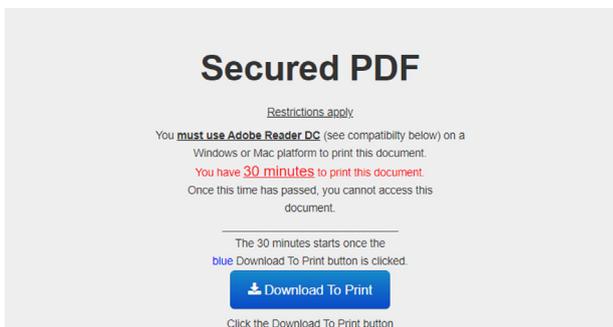

1

How to print worksheets?

You have **limited attempts** to download the worksheet for printing purposes.

Click here to download the worksheet.

2

Scroll and read the instructions carefully.

Secured PDF

Restrictions apply

You **must use Adobe Reader DC** (see compatibilty below) on a Windows or Mac platform to print this document.
You have 30 minutes to print this document.
Once this time has passed, you cannot access this document.

The 30 minutes starts once the blue Download To Print button is clicked.

⬇ Download To Print

Click the Download To Print button

3

Click on "Download to Print".

• You have 1-time (30-minute) access to this PDF document for printing purposes only
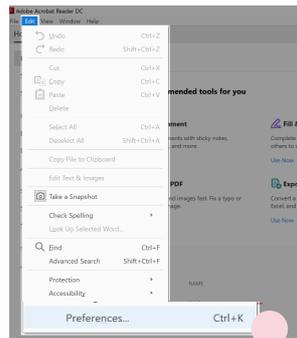

7

Click "Allow".

Print to PDF

This document wa ___
printing a secured ___

• You have 1-ti___ ___ ___ ___ this PDF document for printing purposes only

• Once that time has passed, you will no longer have access to this PDF document
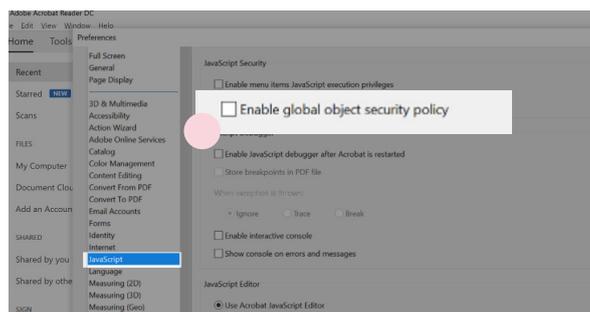

8

Window users: Edit > Preferences.
Mac users: Adobe Reader > Preferences

9

Click on "JavaScript" and **Uncheck**
"Enable global object security policy"

Depending on your internet connection, you will need to wait
for a few minutes after clicking "Allow".

Please take note that you will only have

30 minutes
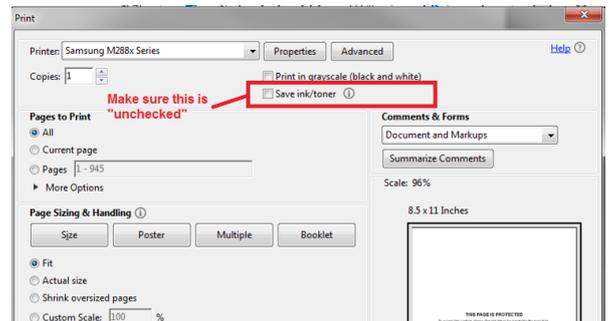

to view and print the document.

10

Click on "File > Print" to print the document.

11

Uncheck "Save ink/toner".

If this option is checked, you will not be able to print the worksheet.

What if you exceed the print limit?

Your print request could not be processed.

You have exceeded the number of times you can print this content (vp3).

If you have exceeded the number of times you can print the document, **please contact us.**

What are the minimum requirements to access TLL.360?

Web Browsers

TLL.360 supports the latest versions of the following web browsers:

- ✓ Chrome
- ✓ Firefox
- ✓ Safari
- ✓ Edge (Windows only)

Desktop Operating Systems

TLL.360 supports the latest versions of the following operating systems:

- ✓ Windows 7 and newer
- ✓ Mac OSX 10.10 and newer
- ✓ Linux - ChromeOS
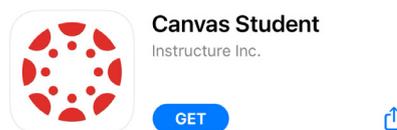

Can my child access TLL.360 on his/her phone?

We recommend accessing TLL.360 through a device with a larger screen such as a desktop, laptop or tablet for an optimal learning experience.

On a mobile device, your child may log into TLL.360 using the Canvas Student app. This is how the app looks like:

On Android

On iOS

Canvas Student
Instructure Education
★★★★ 106,753 ☆
Everyone
This app is compatible with all of your devices.
Installed

Canvas Student
Instructure Inc.
GET

Then search for "The Learning Lab" on the Canvas Student app.

Log in with the same details provided for the web browser.
